THE SIX STAGES

Stage 1 · Foundation	■2,999 · Chart reading, market structure, basic mechanics
Stage 2 · Systematic	■5,999 · Setup libraries, regime filters, journalling
Stage 3 · Professional	■8,999 · Risk-of-ruin, expectancy, institutional psychology
Stage 4 · Quantitative Edge	■13,999 · Research workflow, Python backtesting, ML
Stage 5 · Production System	■17,999 · Broker APIs, cloud deployment, paper-to-live
Stage 6 · Institutional Elite	■19,999 · PMS, AIF Category III, capital raising

Full Programme: ■39,999

Saves ■26,995 vs stage-by-stage · Lifetime access · 7-day money-back guarantee

Enrolment is open

WHY THIS EXISTS

SEBI 2024 individual trader study: 89% of retail F&O traders lost money in FY24.

Total loss pool: ■51,689 crore in a single year. Average loss per losing trader: ■1.10 lakh.

The 11% who make money share three teachable disciplines: position sizing anchored in risk-of-ruin math, regime awareness, and post-trade process grading. None of the three are taught at scale.

All three are in the curriculum.

WHAT IS UNIQUE

- Only integrated retail-to-institutional curriculum in India — chart reading to AIF Cat III
- 14-page structured worksheet per volume — 420 pages of work-along-with-video material
- 70% gate-quiz threshold between every volume — consolidation enforced
- Credentialed on-camera presenters for Stages 4-6 (CFA, CQF, ex-buy-side PM, ex-CRO)
- Indian-market execution detail throughout: STT, peak margin, Kite API, India VIX
- SEBI-compliant educational framing: no tip sheets, no signal service, no return guarantees
